Health and Safety Policy statement

The Senior Management Team of Court Theatre Training Company believes that the health, safety and welfare of its employees, students and visitors are its highest priorities.

The College commits itself to allocating the resources necessary to meet this policy objective.

Employees and students are encouraged to familiarise themselves with the policy. The policy helps all employees and students to understand the College's health and safety responsibilities towards them and what these mean to the work they undertake.

The effective delivery of the policy will also require all employees and students accepting a personal responsibility.

To ensure delivery of the policy, the organisation and arrangements for its implementation will be monitored by the Senior Management Team and may be amended as necessary.

To achieve the level of health and safety required to deliver this policy, the College will ensure the effective management of risk through the development of clear management systems which define the roles and responsibilities of Senior Managers, Employees, Students and Visitors.

The College will ensure the provision of professional and competent support and advice to all members of our community. The College will ensure that appropriate levels of support are available.

The College's aim is to achieve good practice in health and safety through continual improvement and the control of risk whilst ensuring the continued delivery of teaching.

The College has a commitment to the health and safety of its employees and students, including the safeguarding of vulnerable groups.
